E: info@riverlandequipment.com E: sales@riverlandequipment.com helps you make informed and smart decisions to help improve jobsite efficiency, increase productivity, and return safely home every day. If you want to generate big-time results for your business, put the 395 next generation excavator to work. It is the top choice in its size class. Benefits Turn Payloads into Profit With a heavy structural weight, powerful swing torque, and dynamic stick force, this 95-tonne machine easily handles a SD 5.2 m³ (6.8 yd³) bucket, earning you big paydays. Heavy-Duty Durability Reinforced booms and sticks take on hard and heavy work while the standard, heavy-duty reinforced undercarriage expertly absorbs the stress between jobsite terrain and machine. Save Time and Money Cat® Next Generation Excavators share common parts, extended and synchronized service intervals, exceptional customer service, and superior product support.
