E: info@riverlandequipment.com E: sales@riverlandequipment.com with the latest Cat technology, the 395 helps you make informed and smart decisions to help improve jobsite efficiency, increase productivity, and return safely home every day. If you want to generate big-time results for your business, put the 395 next generation excavator to work. It is the top choice in its size class. Benefits Turn Payloads into Profit With a heavy structural weight, powerful swing torque, and dynamic stick force, this 95-tonne machine easily handles a SD 5.2 m³ (6.8 yd³) bucket, earning you big paydays. Heavy-Duty Durability Reinforced booms and sticks take on hard and heavy work while the standard, heavy-duty reinforced undercarriage expertly absorbs the stress between jobsite terrain and machine. Save Time and Money Cat® Next Generation Excavators share common parts, extended and synchronized service intervals, exceptional customer service, and superior product support.
